Dear Friends,

The International FOP Association is celebrating its 25th anniversary during 2013. As we celebrate this special year, we also celebrate you, our generous donor and friend of the IFOPA. We are proud of the many milestones we have reached and are so grateful to you for your generosity in supporting our mission to fund research to find a cure for FOP while supporting individuals and their families through education, public awareness and advocacy. With your help we are able to continue our work.

Thank you for partnering with us as FOP research continues to advance. Scientists are testing potential treatment compounds for efficacy and possible use in future clinical trials. While more pre-clinical trial work remains, we are moving closer to that major step.

Thank you for your generous donation to the IFOPA. Your financial partnership is essential to our mission – we could not operate without you! If you would like more information about our goals and objectives for 2013 or to learn more about FOP, please contact me or visit our website at www.ifopa.org.

With gratitude and HOPE,
